1. Overview & Purpose

The Customer and Account Reporting Disclosure Form is used for two purposes:

(1) Type 1 Disclosure (optional): Industry Members and CAT Reporting Agents may choose to self-report issues related to an Industry Member's Customer and Account Information ("CAIS") submissions (e.g., erroneously reported Customer and Account Information, non-reporting or other data issues). This type of disclosure is not required.

(2) Type 2 Disclosure (required): Industry Members and CAT Reporting Agents must use this Form to notify FINRA CAT of changes in Firm Designated ID ("FDID") associated with a trading account prior to such information being reported to CAT CAIS. As outlined in FAQ <u>M16</u>, Industry Members are required to notify FINRA CAT of FDID changes via the Customer and Account Reporting Disclosure Form if such FDID changes have not been successfully reported to the CAT CAIS system. In addition to submitting the Form, Industry Members are required to create and maintain a mapping of the

prior FDID(s) to the replacing FDID(s) and produce it upon regulatory request. **Industry Members and CAT Reporting Agents must not provide this mapping to FINRA CAT or provide it as part of the Form.**

The primary purpose of the Form is to provide information to FINRA CAT so it can evaluate the impact of the reported incident or FDID changes on the quality of the CAT CAIS Data and to provide notice to the Regulatory Users of reported disclosures that may impact their use and analysis of CAT CAIS Data when using it to fulfill their regulatory obligations.

This alert provides information about self-reporting, including who may self-report, when to self-report, the considerations for when to self-report, and how to complete and submit the Customer and Account Reporting Disclosure Form.¹ If an Industry Member or CAT Reporting Agent has questions about the Form or the process of submitting the Form they should contact the FINRA CAT Helpdesk.

The Customer and Account Reporting Disclosure Form is separate and distinct from other Self Reporting Forms. For information on other Self Reporting Forms, please visit the Forms page of the CAT website at https://www.catnmsplan.com/forms. The Erroneous Events Self Reporting Form and Self Reporting Clock Synchronizations Deviation Form are accompanied by CAT Alerts 2020-04 (Standards For Self Reporting Erroneous Events to FINRA CAT) and 2020-02 (Standards for Self Reporting Deviations of Clock Synchronization Standards to FINRA CAT), respectively, at https://catnmsplan.com/cat-alerts.

2. Who May Self-Report

Either an Industry Member or CAT Reporting Agent may contact the FINRA CAT Helpdesk or submit the Customer and Account Reporting Disclosure Form to self-report. It is not necessary for both an Industry Member and its CAT Reporting Agent(s) to self-report the same issue; however, an Industry Member should ensure that the information submitted on its behalf by a CAT Reporting Agent is timely and accurate.

3. Self-Reporting and Disclosure Considerations

Industry Members must not disclose personally identifiable information ("PII") on the Form. Examples of PII may include, but are not limited to, social security number, tax identifier number or similar information; Customer Identifying Information and Customer Account Information. See CAT FAQs Q1, Q7 and S6 for more examples.

Industry Members making a Type 2 Disclosure must not provide FDID mapping information to FINRA CAT on this Form, but must maintain such documentation, and make it available to Regulators upon request.

¹ The Customer and Account Reporting Disclosure Form may be updated on a periodic basis.

Type 1 Disclosure: Optionally Disclosing Issues with Customer and Account Information ("CAIS") Submissions

While there is no requirement to self-report issues with CAIS reporting to FINRA CAT, Industry Members and CAT Reporting Agents are encouraged to use the Customer and Account Reporting Disclosure Form to report information that was erroneously reported to the CAT Customer and Account Information System and other CAT CAIS data errors that are *not* identified in the Feedback and Corrections process as outlined in the CAT Reporting Customer and Account Technical Specifications for Industry Members. Industry Members and CAT Reporting Agents using the Form to self-report information that was erroneously reported to CAT CAIS or other CAT CAIS data errors must only do so if there is no associated CAT CAIS error feedback and the Industry Member did not correct prior to 5:00 pm Eastern Time on the third Trading day after the account information became available to the Industry Member (T+3). It is not necessary to use the Form to self-report errors that were identified through CAT CAIS error feedback and/or corrected, repaired or deleted prior to 5 pm ET on T+3.

Other broad examples of events that might be reported using this form include, but are not limited to, a failure to report Customer and Account Information to CAT CAIS or reporting inaccurate data to CAT CAIS.² Industry Members and CAT Reporting Agents are also encouraged to use the Form to self-report CAT CAIS reporting errors that affect a material number of records for a particular CAT Trading Day, a material number of particular record fields (for example, all FDIDs in a particular file or batch of files) and/or that persisted for several days or more. It is not necessary to self-report de minimis CAT CAIS reporting errors; however, Industry Members and CAT Reporting Agents may do so.

Whether or not a Customer and Account Reporting Disclosure Form is submitted, an Industry Member or its CAT Reporting Agent should submit the correct information required to be reported to CAT CAIS, even if it is unable to submit the data prior to 5 pm ET on T+3, to ensure that the accurate data becomes part of the audit trail. The Plan Participants recognize that there are circumstances wherein an Industry Member or CAT Reporting Agent may not be able to submit the corrected data to CAT. The reason(s) for the Industry Member or CAT Reporting Agent's inability to do so should be explained in Item 27 of Part 3 of the Customer and Account Reporting Disclosure Form.

Type 2 Disclosure: Required Disclosure of Changes in FDID

As outlined in FAQ M1, a change in the FDID associated with a particular trading account would only be permissible in certain limited circumstances, such as closed accounts, system migration, and change of vendors. Per FAQ M16, if an Industry Member has reported an FDID on a Transaction Order event (e.g., MENO, MEOF, MEOT) and subsequently changed the FDID associated to that particular trading account prior to the implementation of full Customer and Account

² The CAT NMS Plan requires Industry Members to report Received Industry Member Data, which includes customer and account data, by 8:00 a.m. Eastern Time on the CAT Trading Day following the day the Industry Member receives such Received Industry Member Data. All creation of, or modifications to, CAT reportable accounts are required to be submitted to CAT CAIS by 8:00 a.m. Eastern Time on the CAT Trading Day following the day such information was received by the Industry Member.

Reporting³, then the Industry Member must either 1) report the change of FDID to CAT CAIS as outlined in Scenario 3.1 (Updating an FDID) of the CAT CAIS Industry Member Reporting Scenarios document or 2) notify FINRA CAT of FDID changes via the Customer and Account Reporting Disclosure Form. Industry Members choosing to complete the Form are also required to create and maintain a mapping of the prior FDID(s) to the replacing FDID(s) and produce it upon regulatory request. Industry Members and CAT Reporting Agents must not provide this mapping to FINRA CAT or provide it as part of the Form.

4. When to Self-Report

Type 1 Disclosure: Optionally Disclosing Issues with Customer and Account Information ("CAIS") Submissions

Industry Members and CAT Reporting Agents may self-report at any time.

The Plan Participants encourage Industry Members (and CAT Reporting Agents) that have identified an issue that affects its CAT CAIS reporting compliance obligation, to either call the FINRA CAT Helpdesk or submit the Customer and Account Reporting Disclosure Form as soon as practicable, even if the root cause of the issue has not been resolved. Parts 1 and 2 of the form may be submitted upon discovery of the erroneous CAT CAIS reporting, and supplemental information can be provided in Part 3 of the Form as it becomes available.

Type 2 Disclosure: Required Disclosure of Changes in FDID

The Form should be submitted within two weeks of the FDID change. FDID changes that occurred subsequent to the date that an Industry Member was required to report to CAT CAIS, but prior to the publication of this Alert and the associated Customer and Account Reporting Disclosure Form, should be reported within a reasonable period of time so that the FDID change information can be provided to regulators, if necessary.

5. How to Complete the Customer and Account Reporting Disclosure Form

The Customer and Account Reporting Disclosure Form is a web-based Form available at <u>https://catnmsplan.com/forms</u>.⁴ It must be completed and submitted electronically.

Specific information, including the Data Type, Character Limits, Field Description, and Include Key are included in the Appendix of this CAT Alert.

Complete all Required Fields (marked with an asterisk) in Parts 1 and 2. The Form may be submitted once all required fields are completed. Part 3 contains fields marked as Optional and Conditional. Optional fields are not required but are

³ See <u>CAT Alerts 2022-01 and 2023-01</u> for information regarding the Interim Reporting Obligation and Full CAIS Compliance Go-Live dates.

⁴ For best results, complete this Form using a Google Chrome browser.

available for CAT Reporters and CAT Reporting Agents to provide as much detail as necessary to voluntarily self-report. Conditional fields are required depending on the information provided in related fields.

Review all information before Submitting⁵.

Once the Form has been Submitted, select Print to print a copy of the Form for books and records.

Upon submission of the Form and processing by FINRA CAT (usually within one business day), an email will be sent to the email address provided in Part 1. This email will certify submission and provide a Case Number. Save or Print a copy of this email for books and records.

Industry Members and CAT Reporting Agents may revise or add information to the Form after it was submitted. **The Case Number that was provided by email is required in order to do this**. Additionally, Industry Members and CAT Reporting Agents may submit Parts 1 and 2 without completing Part 3. Part 3 may be completed at a later time. **The Case Number that was provided by email is also required in order to do this**.

Please contact the FINRA CAT Helpdesk if the Case Number is not able to be located or additional help is required to complete Parts 1, 2 or 3 of this Form.

Type 1 Disclosure: Optionally Disclosing Issues with Customer and Account Information ("CAIS") Submissions

Only report a single issue per Form. If the root cause created multiple reporting issues, this may be reported on a single Form. Multiple, unrelated issues with CAIS submissions must be reported on separate Forms.

Type 2 Disclosure: Required Disclosure of Changes in FDID

Changes to FDIDs resulting from a single circumstance (such as a change of vendor) may be reported on a single Form. It is not necessary to submit separate Forms for each FDID being changed. Multiple, unrelated changes to FDIDs must be reported on separate Forms.

⁵ Functionality for saving the Form without submitting it is not available. It is recommended that Industry Members prepare Form submissions using the Appendix before completing the Form.
